Full Stack Developer

ruban5398@gmail.com

madurai-626007

Professional Summary

Highly motivated Full Stack Developer with hands-on experience in designing, developing, testing, and deploying scalable web applications using React.js, Node.js, Express.js, MongoDB, and MySQL. Strong understanding of Software Development Life Cycle (SDLC), Agile methodology, RESTful API development, database architecture, and object-oriented programming. Demonstrated ability to deliver clean, maintainable, and performance-optimized code in collaborative environments. Seeking Internship or Entry-Level Software Engineer role in a growth-driven organization.

Education

- Master of Computer Applications (MCA)
Madurai Kamaraj University
2021 – 2024
 - Bachelor of Science in Computer Science
2020 – 2021
-

PROJECT EXPERIENCE

Full Stack Web Application

Technologies: React.js, Node.js, Express.js, MongoDB

- Designed and developed a scalable full-stack web application from scratch.
 - Built RESTful APIs to handle CRUD operations and server-side logic.
 - Integrated MongoDB database for structured data storage and efficient retrieval.
 - Implemented user authentication and authorization mechanisms.
 - Improved application performance through optimize API handling.
 - Followed modular coding practices to enhance maintainability and scalability.
-

Skills

- Programming Languages:
- JavaScript (ES6+), HTML5, CSS3
- Frontend Development:
- React.js, Responsive Web Design, UI/UX Implementation, DOM Manipulation
- Backend Development:
- Node.js, Express.js, RESTful APIs, MVC Architecture, Server-Side Logic
- Databases:
- MongoDB, MySQL, Database Design, CRUD Operations, Query Optimization
- Cloud & Deployment:
- Firebase (Basics), Deployment & Hosting, Environment Configuration
- DevOps & Tools:
- Git, GitHub, CI/CD Concepts, Postman, VS Code
- Concepts:
- Data Structures & Algorithms, OOP, SDLC, Agile Methodology, Authentication & Authorization, Debugging, Performance Optimization
